# WITH POSITIVE IMPACT ON SWISS ECONOMY

the Swiss economy will face

address this challenge

**38'700**

**ICT TALENTS SHORTAGE**  
by 2040\*

**31'000'000**

**CHF LOSS OF VALUE CREATION**  
by 2040\*

**+5'000**

**NEW ICT SPECIALISTS**  
on the market by 2040  
with 42 Lausanne & Zürich

**+150**

**STUDENTS**  
selected every  
year/campus

**2**

**CAMPUSES**  
from 2026

\*Study of 2022 by the Institute for Economic Studies Basel

**In just 5 years, 822 students selected, from whose 241 are now working in the Romandie ICT market.**

**Every year, +150 more motivated ICT specialists.**

**42 Zürich will double our capacity to reach +5'000 more ICT talents outside the traditional academic path by 2040.**

**The academic full cost is only 3'500 CHF/students/year.**

# BY ADDRESSING DIVERSITY OF PROFILES

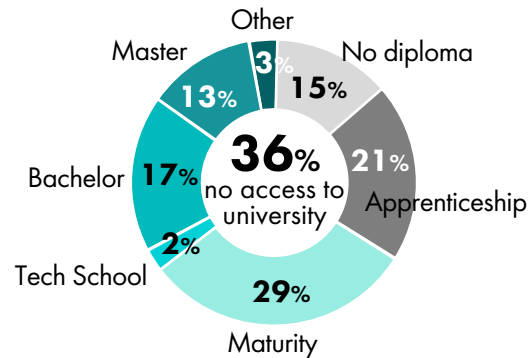

## Support career transitions to ICT for people in Romandie who don't fit the classic academic profiles

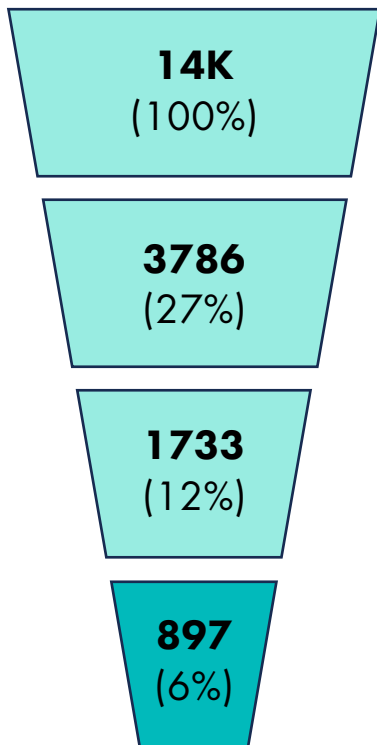

Data based on a survey sent to all 551 students, with 215 responses in June 2024

## Open to everyone, but sharp selection funnel to identify key talents

Selection process in 42 Lausanne since 2021

**Total applicants**

**1<sup>st</sup> test successful**

**Piscine\* attendants**

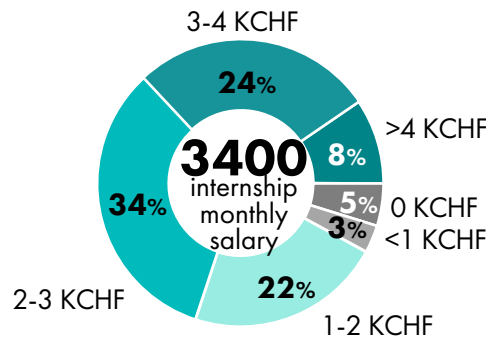

**Selected students**

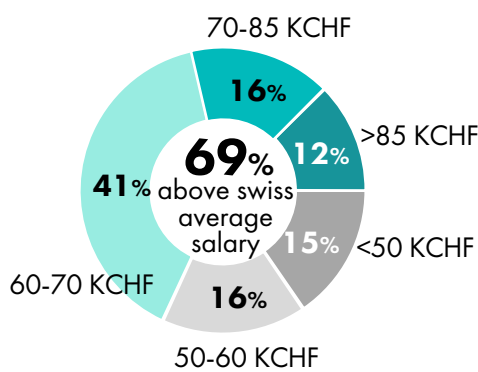

\*The 2<sup>nd</sup> test of the application processus, a coding bootcamp of 4 weeks

# WITH A STRONG CONNEXION TO JOB'S MARKET
