WITH POSITIVE IMPACT ON SWISS ECONOMY

the Swiss economy will face

address this challenge

38'700
ICT TALENTS SHORTAGE
by 2040*

31'000'000
CHF LOSS OF VALUE CREATION
by 2040*

**Study of 2022 by the Institute for Economic Studies Basel*

+5'000
NEW ICT SPECIALISTS
on the market by 2040
with 42 Lausanne & Zürich

+150
STUDENTS
selected every
year/campus

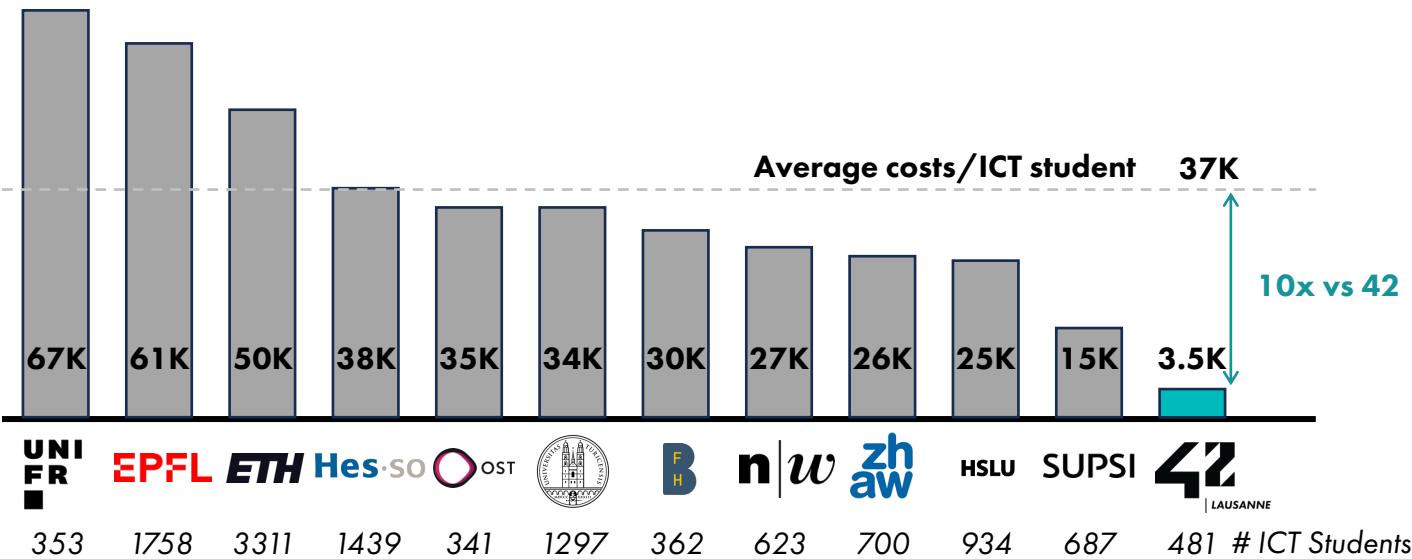

2
CAMPUSES
from 2026

In just 5 years, 822 students selected, from whose 241 are now working in the Romandie ICT market.

Every year, +150 more motivated ICT specialists.

42 Zürich will double our capacity to reach +5'000 more ICT talents outside the traditional academic path by 2040.

The academic full cost is only 3'500 CHF/students/year.

Data from the Federal Statistical Office, 2023

BY ADDRESSING DIVERSITY OF PROFILES

42 | LAUSANNE

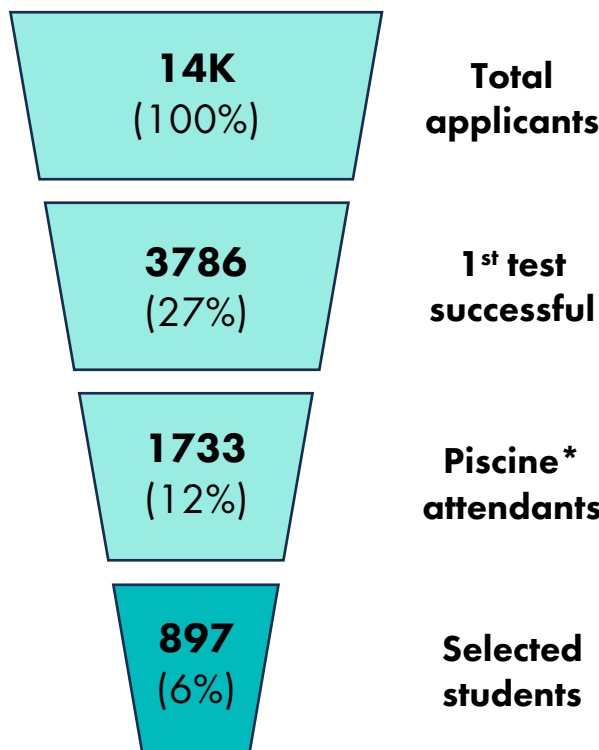

Support career transitions to ICT for people in Romandie who don't fit the classic academic profiles

Data based on a survey sent to all 551 students, with 215 responses in June 2024

Open to everyone, but sharp selection funnel to identify key talents

Selection process in 42 Lausanne since 2021

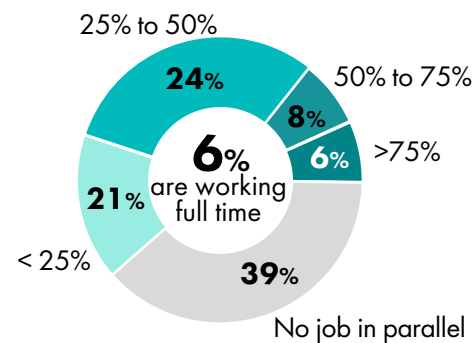

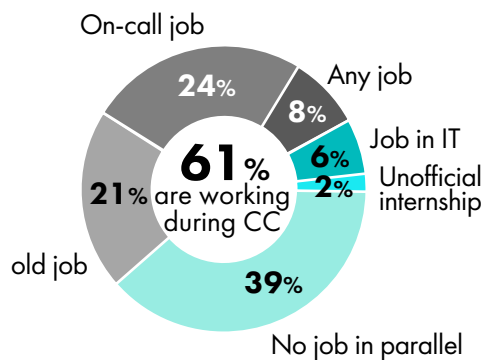

*The 2nd test of the application processus, a coding bootcamp of 4 weeks
